

Reds Reject New Offer by UN Officers

Munsan, Korea, Jan. 8. (AP)—The U. N. Command today rephrased its proposal for exchanging prisoners of war and the Reds promptly turned it down.

Rear Adm. R. E. Libby, Allied truce negotiator, said the U. N. plan was reworded to "eliminate any ground for technical opposition" by the Communists.

The Reds still objected.

A second truce subcommittee argued nearly two hours over whether the Reds should be allowed to rebuild airfields during an armistice. Neither side changed its view.

Both committees scheduled new sessions for 11 a. m. Wednesday (9 p. m. Tuesday EST) at Panmunjom.

OPS Okays Hike In Soft Drinks

Washington, Jan. 8. (AP)—The Government today authorized soft drink retailers to raise prices a penny a bottle on single bottle sales if their costs have gone up a half cent a bottle.

However, the Office of Price Stabilization said that in sales of more than one bottle, the increase can be figured only at a half cent for each bottle with any odd fraction rounded off to the next highest full cent.

The regulation also allows manufacturers to reduce sizes of bottles if they desire instead of raising prices. Previously bottlers had been allowed to raise prices up to a maximum of 16 cents a case for 6-ounce to 12-ounce sizes.

Heretofore, retailers have been allowed to increase prices only when bottlers raised their prices the full 16 cents for a case of 24 bottles.

Today's action by OPS permits retailers to pass on the increase as much as 12 cents a case or a half-cent a bottle.

Man Given 44 Pints Of Blood In 72 Hours

New York, Jan. 8. (AP)—A 34-year-old man clung to life today after receiving 44 pints of blood—three times the average adult body supply—in 72 hours.

Physicians termed "extraordinary" the use of so much blood in such a short time. The transfusion represented three complete changes of his entire blood supply.

The patient, Walter Henn, began suffering from internal bleeding late Thursday.

"I wish you'd look in the Vernon Record Want Ads for a plumber—that leak in the basement gets on my nerves."

Nearly 10,000 Persons See Waggoner Building Monday

The new W. T. Waggoner Estate building Monday turned out to be one of Vernon's top drawing cards for this or any year.

A tabulation of visitors who entered the building during the 14-hour opening showed that 9,239 persons came to see for themselves the magnificent new structure that had become the nerve center for the vast business interests that make up the Waggoner

Fund for Tommy Yates Growing

The fund for little Tommy Yates continues to grow here as donations pour in from all over the State. The fund now stands at near \$300, County Judge A. D. Green, fund trustee, said.

Meanwhile, the parents, Mr. and Mrs. Robert Dale Simpson are facing grand jury action in Vernon. They were charged with assault with intent to murder in connection with the Christmas Eve beating of the youngster.

District Attorney Leon Douglas said that grand jury action in the case would probably be concluded late Tuesday afternoon.

The frail, dark-haired youngster is still lying in a semi-paralytic state in a Dallas hospital. Hospital authorities say his condition continues to improve, but that it will be a "long time" before the youngster is completely out of danger.

Judge Green said that the donations—mostly in crumpled bills of \$1 or \$5—came from all over the State. He said that he was receiving "15 or 20" letters daily concerning the youngster.

A parental right suit against Mrs. Simpson is still pending before Judge Jesse Owens. It has been postponed indefinitely awaiting further developments in the condition of the child.

Stalin Successor Is Picked According to Russian Press

(By The Associated Press)

Moscow's press left little doubt today the successor to Joseph Stalin has been chosen and he is the glowering souppour of the Politburo, Georgi Maximilianovich Malenkov.

Extravagant praise was heaped on him on his 50th birthday. It is comparable only to the praise accorded Stalin himself. The greeting to him from the Communist party and the Council of Ministers hailed him as "co-adviser of Stalin"—the highest possible praise in the USSR. It also credits him with having "forged victory for our homeland in the great war of the fatherland against the enemies of humanity."

This is a development with broad implications.

If there has been a struggle for power in the Politburo—and many in the West believe such a struggle has been taking place—Vyacheslav M. Molotov seemingly has lost to the brilliant, ruthless youngster brought up as Stalin's protégé.

There have been persistent hints Stalin was relinquishing his active direction of Soviet affairs. He has just turned 72, and is reported in failing health.

November dispatches from Moscow, describing the 34th anniversary celebration of the Bolshevik revolution, gave the impression

of a new era. The turnout was roughly equivalent to the total number of fans who attended all six of the Vernon Lions home football games last season.

And the number of visitors, which included persons from several states other than Texas, might well have been nearer to 10,000 than the 9,239 tabulated. Estate general manager, R. B. Anderson said that a count was not made during the first 45 minutes of the opening—a time that saw the building completely filled with visitors to start a congestion that did not let up all day long.

With the opening completed, the three-quarter million dollar structure Tuesday began the role for which it was created. For the first time since their offices were moved from the Herring National Bank building, Waggoner employees found that they were free from more than the usual interruptions in seeing after the multitude of details they face each day in carrying on one of Texas' largest business operations.

Texan Doubts Ike Could Be Elected President

Washington, Jan. 8. (AP)—Rep. Albert Thomas, Democrat, Texas, says he doubts Gen. Dwight D. Eisenhower could be elected President on either the Democratic or Republican ticket.

"General Eisenhower is a fine and able man personally," Thomas told reporters, "and what I think is not based in any way on partisan politics."

"On the basis of economy, the people are not going to vote for a military man. Eisenhower is a part of a military system that is producing extravagance and waste. There's no question about that, and I can't think the Democrats or Republicans either could win with him."

Higher Court Will Decide McCune's Fate

Fort Worth, Jan. 8. (AP)—The fate of Billie George McCune, 23, condemned to death for rape, rests today with the Court of Criminal Appeals in Austin.

District Judge Dave McGee, after an all-day habeas corpus hearing yesterday, passed the problem to the appellate court and ordered a record of testimony given yesterday submitted to the higher court.

McCune is scheduled to die in the electric chair Jan. 17. His attorneys were expected to seek a fifth stay of execution so the appeals court may have time to study yesterday's testimony.

The marital status and reputation of the 41-year-old victim of the Feb. 3, 1950, rape attack was brought under fire in the hearing.

The victim said from the witness stand a signature on a divorce waiver—which enabled her husband to get a divorce in 1942—was hers, not his first wife's.

The husband's 74-year-old first wife said she had never seen a divorce waiver, knew nothing of the divorce and still considered herself married to the man.

FILL PTA POSTS

Austin, Jan. 8. (AP)—Three state chairmanships of the Texas Congress of Parents and Teachers were filled today at the opening session of the midwinter conference of the Congress' Board of Managers. Elected to the audiovisual education chairmanship was Chester Strickland, Denton. Mrs. H. D. Maxwell, Rockdale, will head the reading, library and rural service committee. Mrs. Lou Hertenberger, Navasota, will head the recreation committee.

ELECTRA HONORS ESTATE—Electra, the town which was named for a Waggoner—the late Mrs. Electra Wharton, honored the W. T. Waggoner Estate with a program staged in the new building lobby Monday afternoon. Here a choral group from Electra High School sings during the program. Miss Marchetta Hixson, choral instructor, is shown leading the group. John McKelvey, Electra city attorney, served as master of ceremonies for the program.

T. E. Davis Dies Here on Tuesday

T. E. Davis, long-time resident of Wilbarger County and veteran insurance man, died here late Tuesday after a long illness.

Funeral plans are incomplete. The body is in charge of Henderson Funeral Home.

Mr. Davis was owner of the T. E. Davis Ins. Agency here. He had not been active in management of the business for the past several years due to ill health.

February Pre-Induction Call Goes to 4,328 Men

Austin, Jan. 8. (AP)—Orders from State Selective Service headquarters for February pre-induction examination of 4,328 men of draft age will be mailed today.

For the first time since 1948, local boards will be asked to have no men examined who are under 21.

Orders for actual draft of 2,144 men in February, none under 20, were mailed to local boards yesterday.

Brig. Gen. Paul L. Wakefield, State Selective Service director, said a survey of the 137 local boards showed a total of 8,125 men above 21 who are 1-A but have not been examined.

"Several thousand" men classified 4-F after failing the mental test in previous months may be sent for re-examination in February, but no instructions have been received from national headquarters as yet, Wakefield said.

A total of 1,880 1-A's are being examined and 2,391 4-F's are being re-examined in January.

BUSINESS SLOW

Business for both the city fire department and city police was lagging Tuesday. Police reported a blank City Corporation Court docket resulted from a quiet night with no arrests. The city fire department, previously averaging almost one run for every day in the new year, reported no fires.

Vishinsky Accused Of Blocking Truce

UN Troops Gain And Then Lose Two Hill Forts

Bitter Battle Rages on One Sector of Korean Battle Front.

Seoul, Korea, Jan. 8. (AP)—United Nations infantrymen won, then lost two important objectives today in the battle of Sasi Budge, a bitter fight to recapture ground taken by the Reds Dec. 28.

The U. S. Eighth Army communiqué, reporting this, did not identify the western front objectives.

U. N. elements took one after a 15-minute fight with an enemy company and the other after a 10-minute engagement with a Red force of undetermined size.

However, the communiqué said, two Communist battalions supported by two tanks or self-propelled guns recaptured the first objective in a one-hour and 20-minute clash and a single Red battalion retook the second in a one-hour and 30-minute fray.

Just Missed

U. N. troops just missed recapturing the ground, a small, bald hill west of Korangpo, Monday. They fought through heavy Red fire to within 30 yards of the position before they were thrown back.

The battle—the only major action along the ground front—has featured tanks and self-propelled guns, heavy artillery exchanges, bitter hand to hand fighting and at least one Allied air strike.

Allied jet fighters tangled briefly with Communist Mig-15's Tuesday but the air force said no damage was suffered by either side.

The Sasi Budge fight centers four miles west of Korangpo and only six miles northeast of Panmunjom. The Allies are trying to straighten out a dent in the U. N. Eighth Army's forward line.

Repulse Reds

Monday the U. N. troops repulsed two Communist attacks, then launched an offensive. Three hours later they met heavy Communist fire. They inched forward for two and one-half hours more before withdrawing.

At one point they were within 30 death-filled yards of the height.

An Eighth Army briefing officer said Red casualties had been heavy in the 12-day see-saw struggle. Presumably the Allies are also paying in lives.

To the southeast of the outpost position, Allied units hurled back two Red attacks Monday night. One fight lasted 25 minutes, the other 50.

Also in the same general area, attacking Allied troops hit an enemy company and battled for two hours before both sides broke off the engagement.

Weather along the Korean front Monday was clear and cold—five to 15 degrees above zero.

Apart from the Sasi Budge battle, the front was relatively quiet.

February Pre-Induction Call Goes to 4,328 Men

Austin, Jan. 8. (AP)—Orders from State Selective Service headquarters for February pre-induction examination of 4,328 men of draft age will be mailed today.

For the first time since 1948, local boards will be asked to have no men examined who are under 21.

Orders for actual draft of 2,144 men in February, none under 20, were mailed to local boards yesterday.

Brig. Gen. Paul L. Wakefield, State Selective Service director, said a survey of the 137 local boards showed a total of 8,125 men above 21 who are 1-A but have not been examined.

"Several thousand" men classified 4-F after failing the mental test in previous months may be sent for re-examination in February, but no instructions have been received from national headquarters as yet, Wakefield said.

A total of 1,880 1-A's are being examined and 2,391 4-F's are being re-examined in January.

BUSINESS SLOW

Business for both the city fire department and city police was lagging Tuesday. Police reported a blank City Corporation Court docket resulted from a quiet night with no arrests. The city fire department, previously averaging almost one run for every day in the new year, reported no fires.

Congress To Face Tough Issues as It Reconvenes in Busy Election Year Session

Washington, Jan. 8. (AP)—Congress reconvened today for an election-year session certain to be studied with controversy over issues on which political fortunes will ride in next November's voting.

The banging of gavels in Senate and House signaled the second meeting for the legislators who make up the 82nd Congress—elected in 1950. They recessed their first session last Oct. 20.

Many of the issues they wrestled with last year confronted them again. Dominant ones are defense spending, universal military training, economic controls, and foreign aid.

Out of how they deal with them will come records to go before the voters in next Fall's election of a President, Vice President, 435 House members and 33 Senators.

Today's meeting was pretty much routine. The real kick-off for the new session will come tomorrow when President Truman

Saucier Will Live, Thanks To Governor

Austin, Jan. 8. (AP)—Gov. Allan Shivers today commuted to life imprisonment the death sentence of T. C. Saucier.

The action had been unanimously recommended by the State Board of Pardons and Paroles.

Saucier had been scheduled to die in the electric chair Jan. 10 on conviction of murder in the March, 1949, killing of Thomas Houston Gibbons at Wichita Falls State Hospital, where Saucier was a guard.

Gibbons, a patient, was stomped and kicked to death.

The Pardon Board recommended the commutation in view of the fact David Beck, another hospital employee convicted in the offense, was sentenced to only five years.

Bureau Members Now Number 800

A total of 97 renewals and new memberships during the month of December brought the membership of the Wilbarger County Farm Bureau to 800 on Jan. 1, it was announced here Monday night.

The figure was included in a report of the membership committee at the bureau's regular monthly meeting in the court house assembly room.

More than 90 of the 800 members turned out for the session which featured local agricultural speakers on its program. T. L. McBride explained the approved practice program being handled through his office by the PMA. County Agent Frank Wendt showed slides on rodent control and Extension Entomologist George T. Davis, Jr., illustrated a talk on insects beneficial to farmers with color slides.

Other entertainment included a reading by Mrs. W. H. Obenhaus and an accordion solo by Miss Audrey Ruth Green.

Weather

Temperature readings for the past 24-hour period ending at noon Tuesday:

Maximum 55 degrees
Minimum 44 degrees
Noon reading 55 degrees
Forecast: Partly cloudy and cooler. Low of 26-32.

Central Airlines Proposes Schedule Including Vernon

Representatives of Central Airlines, one of three applicants to furnish airline facilities to Vernon, have notified J. C. Randel, president of the Chamber of Commerce, that they have filed a proposed schedule with the Civil Aeronautics Board placing Vernon on a route between Amarillo and Dallas.

Keith Kahle, president of Central Airlines, said that the proposed schedule would be between Amarillo and Dallas by way of Borger, Pampa, Childress, Vernon, Wichita Falls and Fort Worth.

will deliver his State-of-the-Union message to a joint Senate-House meeting.

This will lay down in at least broad terms what legislation Mr. Truman wants from the session—and lay the basis for scrapping between supporters of his program and its critics.

Aside from Legislation, some other politically potent issues are shaping up. One is Mr. Truman's proposal to send an ambassador to the Vatican.

During the recess, six new House members were named. Republicans picked up one vote in the process. Making the new line-up there stand this way: Democrats 231, Republicans 201, Independent one, and vacancies two.

Senator Wherry of Nebraska, Republican floor leader, died during the recess. Meeting this morning, Republican Senators chose Senator Styles Bridges of New Hampshire to take over the leader's post.

Wherry's Nebraska seat was filled by appointment of Fred A. Seaton, also a Republican, by Nebraska's Governor.

Leaders are aiming to wind up this session by next July's political conventions, but many legislators expect that actually it will run until election time.

Action on Phone Co-Op Promised

Washington employees of the Rural Electrification Administration drifted back from their Christmas holidays Monday and promised to expedite action on a Santa Rosa Telephone Co-Op application for funds which had reached their desks prior to the holidays.

That was the word from Co-Op President Carl Freeling Tuesday morning as he issued a progress report for the benefit of the hundreds of farmers awaiting rural phone service from the organization's proposed seven-exchange system.

Santa Rosa, still seeking to have the money for construction of the system deposited in a local bank so that it may be put to use, was being forced to use patience in its other dealings with Government bureaus, also.

Mr. Freeling said that he has received an acknowledgment of receipt of his application for material allocations for the project from the National Production Authority. An approval has not been forthcoming, as yet, however.

A request for 100 per cent of the material needed to complete the project has been made. Recent Government policy indicates that this amount will be cut sharply, however, Mr. Freeling pointed out.

Everything added up, it means that probably only a portion of the system can be built at first, he said.

Co-Op officials hope to have everything worked out by April 1, the earliest date at which construction can be started on the project.

DUE IN DALLAS

Dallas, Jan. 8. (AP)—Sheppard "Abdullah" King and his Egyptian dancer bride, beauteous Samia Gamal, are due in Dallas tomorrow. Samia plans a Dallas night club engagement next month when one is ended in Miami, Fla. A champagne party Thursday night at a lush private club will celebrate Samia's first visit to this country. The couple arrived in New York Sunday from Cairo.

Trans-Texas and Pioneer Airlines

are the other two applicants seeking to provide air facilities for Vernon and area. The hearing has been set before the CAB in Dallas in early February.

The Vernon Chamber of Commerce is working on briefs to be presented to the CAB before the hearing. The briefs will be submitted by Jan. 15.

A personal survey of all residents of the county—seeking information on individual use of airline service—will be started this week.

French Delegate To UN Raps Reds For Proposition

Attack Made After Soviet Spokesman Asks for High Level Talks.

Paris, Jan. 8. (AP)—France's United Nations delegate, Jean Chauvel, today accused Soviet Foreign Minister Andrei Vishinsky of causing a slowdown in the Korean armistice negotiations.

The truce talks at Panmunjom "weren't going so badly until the initiative was taken by the Soviet delegate here," Chauvel told the 60-nation UN political committee.

Chauvel was attacking a Soviet resolution calling for a high level meeting of the Security Council to intervene in the armistice discussions. The Russian proposal also would dissolve the collective measures committee which has recommended a regional security plan backed by the West.

Vishinsky at once angrily replied that since the talks at the front have been going on without results for six months, they "must be expedited to a successful conclusion."

Vishinsky contended this would be done only by a "high level meeting of the most responsible persons in the world—except the chiefs of state, of course."

This was interpreted as a clean cut demand for the foreign ministers of the 11 Security Council countries to take over the talks.

Vishinsky's ideas were expected to be defeated today or early tomorrow in a vote on the western-backed plan for authorizing the regional security forces to combat aggression.

The proposals, sponsored by 11 of the 15 members of the collective measures committee, recommended economic and military sanctions against aggressors and would authorize the use of such regional forces as those of the North Atlantic Treaty Organization (NATO) against aggression anywhere.

A key provision would give the UN General Assembly power to act when Security Council action is halted by a veto.

Unseasonably Warm Weather Forecast

(By The Associated Press)

Unseasonably warm weather was in store Tuesday for most Texans with cooler temperatures expected only in West Texas.

A late forecast called for partly cloudy skies over the entire state Tuesday and Wednesday with rising temperatures in East Texas, south central Texas and north central Texas.

Scattered showers, the weatherman said, could be expected in the east portion of the state Tuesday night.

High temperatures Monday ranged from the 70s in the El Paso area and deep South Texas to the 40s in the Panhandle. Brownsville had the highest temperature of the day with 74 degrees while Amarillo's 42 was the lowest maximum.

No rain fell Monday.

Last Rites Held for Mrs. M. P. Oswalt

Last rites were held at 2 p. m. Tuesday in the First Baptist Church in Chillicothe for Mrs. M. P. Oswalt of Abilene. Mrs. Oswalt, who died Sunday in an Abilene hospital, is the mother of R. D. Oswalt of Vernon.

The Chillicothe rites followed brief services for Mrs. Oswalt in Abilene Monday. Burial was scheduled in a family cemetery at Prairie View.

Local survivors of Mrs. Oswalt, other than her son of Vernon, include daughters, Mrs. Ben Wofford and Mrs. Bill Dodson of Chillicothe. She also has surviving children in Abilene, Seminole, Lamesa and Texas City.

Extra Copies Waggoner Edition Available

The Vernon Record still has some extra copies of the special edition printed Sunday on the W. T. Waggoner Estate. These are available to local people, either for keeping as mementos, or for mailing out, as long as they last.

The price is 15 cents, or 25 cents if to be mailed out by The Record.

Employer Has Right to Sue Labor Union

Washington, Jan. 8. (AP)—The Supreme Court finds in the Taft-Hartley labor law a "clear" right for an employer to sue a labor union for damages in a union jurisdictional dispute.

The court says the employer may sue if a union tries to force him to give work to its members rather than to members of another labor organization.

With this unanimous finding, the tribunal yesterday affirmed an award of \$750,000 damages won by the Juneau Spruce Corp. of Juneau, Alaska, in a suit against Harry Bridges' International Longshoremen's Union.

Juneau Spruce won the award in U. S. District Court in Alaska. The firm said the Bridges organization tried to force it to give barge-loading to members of the ILU at the same time the corporation had a contract with the CIO Woodworkers of America.

Juneau Spruce said Bridges' union, by picketing and coercive statements, actually caused damages in excess of \$1 million.

The Bridges organization, in appealing to the Supreme Court, insisted such a suit could not be filed in a Federal Court until after the National Labor Board decided which union was entitled to the disputed work.

The Supreme Court rejected this contention in an opinion by Justice Douglas. He declared such "competition for work at the expense of employers" had been condemned by the Taft-Hartley Act.

Commandery Will Install Officers

New officers will be installed by the Vernon Commandery when that group meets tonight at 7:30 at the Masonic Temple.

Officers to be installed include J. E. Spann, commander; F. E. Hogue, generalissimo; Clyde Crisp, captain-general; L. H. Wall, senior warden; Frank Coker, junior warden; William Wisdom, warden; E. V. Boydston, standard bearer, and Paul Hill, sword bearer.

OPEN CONVENTION

Houston, Jan. 8. (AP)—Some 600 members and associate members of the Pipe Line Contractors Association opened the group's fourth annual convention today.

Criticism Mounts Against President's Labor Proposal

(By The Associated Press)
Criticism mounted today against President Truman's announced policy of stiffer laws to prohibit the hiring of illegal Mexican farm labor.

From some farmers and ranchers, Texas farm associations and certain members of Congress, the wave of criticism came in increasing volume.

The President said at a press conference recently he was fearful the U. S.-Mexico agreement on the hiring of Mexican nationals for farm labor would end Feb. 11 without renewal unless stricter laws were passed by Congress.

Meanwhile, in Mexico City, official Mexican sources hailed the announced Truman policy on Mexican farm labor with elation.

Monday in Dallas, as the group ended a two-day meeting, the directors of the Texas Cotton Ginners Association voted to talk over ideas for a new contract which would allow the Mexicans to come into the United States to work.

They passed a resolution approving the Walters Bill, now in Congress, which makes it a felony to bring a person into the U. S. illegally, but they proposed a clause for the bill which would stop immigration officials from searching property without a warrant.

In Washington, Rep. Ken Regan expressed concern over the President's announced bracero policy. "I am greatly distressed at the President's position," the Midland Congressman said.

"It is in support of the CIO's design to get all farm laborers on a dues paying basis," he claimed. Regan said the CIO-advocated policies, which he claims the President is supporting, would prevent many Mexican workers from earning money they need. And he added it would deprive many American farmers of badly needed labor in the harvesting and planting seasons.

Rep. Lloyd Bentsen, Jr., McAllen, earlier had said the President was making a "terrible mistake" by trying to push legislation through Congress before hearings could be held.

Bentsen said an interim measure should be instituted because he feared the Feb. 11 expiration date might find new legislation mired in Congress.

In Edinburg, officials of a group of Texas citrus and vegetable growers said an adequate farm labor supply would help keep prices down better than price ceilings.

"Price ceilings won't solve the problem of higher prices to the housewife," Vale Mayes, president

of the Texas Citrus and Vegetable Growers and Shippers Association, said.

"What we need," said Mayes, also a director of the American Agriculture Council, "and what these high-prices need is labor to get the vegetables that we have."

Mayes said 30,000 acres of vegetables in the Rio Grande Valley would be ready for harvest within the next four to six weeks. "If we could just get them harvested," he said, "they'd work better than any price ceilings to help the nation's customers."

He was joined in his protest by Austin Anson, manager of the growers and shippers group. Anson said the acreage would yield 10,000 carloads of vegetables, and added: "Vegetables in quantities like that would keep prices from soaring out of sight if we could just get them on the market."

Anson said State and Labor departments should help farmers get the needed labor "instead of dreaming up and imposing senseless regulations that neither the growers nor Mexican braceros care about or want."

Costello Unmoved At Court Hearing

New York, Jan. 8. (AP)—Gambler Frank Costello sat unperturbed today as the prosecution outlined for a federal court jury its contempt-of-the-Senate case against him.

He only occasionally blinked his eyes as U. S. Atty. Myles J. Lane told Judge Sylvester J. Ryan and the jury what the government expected to prove.

Lane recited the 11 charges in the indictment accusing Costello of contempt in his appearances before the Kefauver Senate crime committee in New York last year.

The prosecutor said the indictment included eight counts alleging refusal to answer questions and three charges of default. He said the default counts said Costello had left the committee hearing room without permission and on one occasion had appeared but flatly refused to testify.

Lane said the questions Costello refused to answer included the defendant's net worth, his indebtedness, and whether he owed sums in excess of \$10,000 to single individuals.

New RFC Head Makes Plans to Take Over

Washington, Jan. 8. (AP)—An active Republican prepared today to become boss of the multi-million-dollar RFC under an announced policy of loans "on a basis of business and merit—no politics."

Even as Harry A. McDonald enunciated this policy, however a move sprang up to launch a new Senate investigation of the huge scandal-ridden government lending agency.

Sen. Mayback (D-SC), Senate banking committee chairman, announced he had ordered an inquiry into the resignation of W. Stuart Symington as RFC administrator.

He said Senate action on President Truman's nomination of McDonald to succeed Symington probably would be held up until after the inquiry. McDonald, now chairman of the securities and exchange commission, is a close personal friend of Symington.

Regan Opposed To Truman Plan

Washington, Jan. 8. (AP)—Rep. Ken Regan of Midland concurs in the criticism of President Truman's proposals on Mexican farm worker policies.

The Texas Congressman said yesterday the Truman bracero plans would aid organized labor unions at the expense of both employer and employee.

"I am greatly distressed at the President's position," Regan told a reporter. "It is in support of the CIO's design to get all farm laborers on a dues paying basis."

The oilman-Congressman said the CIO-advocated policies which the President is supporting would prevent many Mexican workers from earning money they need and would deprive American farmers of help needed with essential crops.

President Truman recently proposed stiffer laws to prohibit hiring or harboring "wetbacks," Mexican nationals who enter this country illegally.

The announcement met widespread official approval in Mexico.

Regan said he has been told by the Labor Department it will reinstate a group of El Paso farmers who had been barred from hiring Mexican nationals after it was found they had hired wetbacks.

Regan said the following had been in Washington representing the El Paso farmers before the Labor Department:

James Surrat, Fabens, president of the El Paso County Valley Cotton Association; Harry Moore, Jr., Fabens, manager of the Association; Woody Wilson, El Paso Chamber of Commerce, and George W. Spence, Ysleta.

Mass Will for Peace Is Needed

Austin, Jan. 8. (AP)—Peace will come only when the great masses of people in the world have a will for it, George W. Healy, Jr., told a meeting of Texas newspaper executives here last night.

Healy, managing editor of the New Orleans Times Picayune, said the world's most vital need is for freedom of expression. When there is such freedom, he said, the mass will for peace may be achieved.

He was the dinner speaker at the Texas Daily Newspaper Association's seminar held in co-operation with the School of Journalism of the University of Texas.

Approximately 30 managing and city editors are spending three days discussing problems and methods of news coverage. They are going into such details as how much if any information newspapers should give over the telephone on such events as football games; organization of city staffs; better writing.

Moderators for today's sessions are Charles E. Green of the Austin American-Statesman and Felix R. McKnight of the Dallas News. Discussion leaders are Dave Hall of the Fort Worth Press and N. Dwight Allison of the San Antonio Light.

PROFIT BY GROWTH

Dallas, Jan. 8. (AP)—Workers in 82 communities in Texas will now benefit from Federal wage and hour regulations that did not affect them before their communities grew in population. A Labor Department official said yesterday the employees will fall under provisions because their communities have reached a 2,500 population class. Employers in towns of less than 2,500 population do not have to pay the 75 cents per hour minimum wage nor do they have to pay time and a half for overtime.

Panel To Study Vice Is Proposed

Washington, Jan. 8. (AP)—Rep. W. R. (Bob) Poage of Waco, Texas, wants an independent three-man commission to investigate the charges of Government corruption.

Poage suggested yesterday that W. Stuart Symington head the commission.

Symington's resignation as head of the RFC was accepted yesterday by President Truman.

Others suggested by the Congressman of the Waco-Temple district to make up the committee are Robert P. Patterson and James A. Farley.

Patterson is a Republican who has served in several high Government positions under a Democratic administration. Farley was Postmaster General and for a long time chairman of the Democratic National Committee.

Poage said refusal of Federal Judge Thomas Murphy to accept a housecleaning job assignment offered by President Truman should not keep the President from naming the special investigative group.

WORK SCHEDULED

Bonham, Jan. 8. (AP)—Work on the Sam Rayburn Library is expected to start in 1952. Buster Cole, spokesman for the Sam Rayburn Foundation, said today. Almost \$200,000 in contributions has been received from all parts of the United States. The building will house the public papers of Speaker Rayburn and provide a city auditorium for Bonham, his hometown.

Pistol Packers Keep Saddle Makers Jumping

By JOHN WORK

Denver. (P)—“Since the last war it seems everybody wants to carry a pistol,” says Claude Parr, holster maker.

“Orders come from everywhere, for every kind of gun,” says Parr, who is plant superintendent for the Herman H. Heiser saddlery in Denver.

“But no matter how odd their gun, chances are we have a model somewhere in a pile of over 600.”

A month ago they had a telephoned order from the Egyptian embassy in Washington for a shoulder holster for Egypt's King Farouk. They built the holster on a model of a .38 caliber official police pistol, and two days later it was in Washington for shipment to the king.

Cast models are on hand for an ancient single action cowboy style .44, in fashion 60 years ago. Or for the Lugers, Mausers, Berettas and other foreign models brought home by GIs.

If your gun should be an oddity which is not found in Heiser's pile of casts, you give them a complete description and they model it in wood, building the holster on their model.

The superintendent of the holster department, Niels A. Hansen, says he has enough casts to equip 15 holster makers with full sets of most asked for models, with a large pile of “odd sizes” left over. Hansen's department turns out from 25,000 to 30,000 holsters each year. Hip holsters are the most popular, but there is a large business in the inconspicuous shoulder model, too.

AMAZING TAXPAYER

International Falls, Minn. (P)—County Treasurer Alex Enzman was dumfounded when George J. Fidler walked in and said he wanted to pay his real estate taxes—the tax bill which wasn't due until next year. Enzman has been county treasurer 21 years and this was the first time, he said, that anyone paid his taxes in advance. Fidler paid \$33.69 on 120 acres of partly cleared land. He explained that he just wanted to call attention to the fact it's a good idea to pay taxes early.

INVESTIGATIONS

“FAIR DEAL” ITEMS

WHAT WILL CONGRESS DO?—Congress is expected to move cautiously, if at all, through the legislative woods after reconvening this month. President Truman will probably get little that he seeks, except continued high military spending. Foreign aid is expected to find tough sledding, as will the President's expected request for higher taxes and his whole “Fair Deal” program. The Newschart above lists some of the major items before Congress. As in 1951, the legislative body is likely to continue to be most noteworthy for its investigations.

ORDERED TO MOVE OUT

Kuala Lumpur, Malaya. (P)—The Federation Government has admitted failure in its program of resettlement at the village of Bukit Changgang in Selangor and has decided to eliminate the village.

A Government statement said the place had been the haunt of a gang of Communist terrorists and the people of the village and resettlement camp had failed to co-operate with the Government—in fact, had continued relations with the terrorists. About 170 Chinese squatter families are being moved to Port Swettenham 30 miles away. The evacuation was carried out as a surprise maneuver. The settlers suddenly were awakened by loud speakers at dawn and told to move out.

For sale or rent—Use Want Ads!

CEMENT EXPENSIVE

Brisbane, Australia. (P)—Queenslanders are buying thousands of bags of Japanese cement at nearly four times the price of locally produced cement. Reason is that there is not enough local cement to go around. It is expected that Queensland importers will sell nearly 30,000 tons of cement from Japan and the East by Christmas.

BATTING AVERAGE SLIPS

Kuala Lumpur, Malaya. (P)—British troops and security forces had a “grim” month in September in their war against Red terrorists of Malaya. Their batting average slipped. They killed more than 60 terrorists, and 22 surrendered. But the score in August was 90 Reds killed.

The turkey is the only poultry type to originate in North America.

Texans Get Down to Brass
Tacks With Congressmen

Fort Worth, (AP)—Texans are getting down to a town meeting level with their congressmen.

In a hotel convention room, eight of the state's 21 congressmen sat at a table on a raised platform and were questioned closely by more than 500 constituents.

For many in the room it was their first view of a congressman. They fingered portable microphones awkwardly, cleared their throats often. But their questions were to the point:

"What do you think of the Brannan Plan?" a tall voter asked Rep. Bob Poage of Waco.

Poage, sitting at the table, grabbed for the microphone and said quickly, "Personally, I'm not for the Brannan Plan."

"Does the plan smack of socialism?"

"I don't mind putting my brand on it. Yes, of course I think the Brannan Plan is socialistic in nature."

That was the tone of the meeting billed as the first Texas Congressional Forum.

Ed Gossett, an ex-congressman himself, was the first speaker. He outlined the purpose of the forum and called it "an experiment in Democracy."

In two hours the audience asked about 50 questions dealing with a wide variety of governmental problems. The reaction of the crowd seemed favorable and comment on the forum experiment was that it should be repeated.

The Dallas Morning News said editorially the forum "looks like one of the happiest ideas in a long time."

The newspaper said Washington is a long way from home and the members of Congress have had little "time out" in recent years for visiting the home folks. It sees the congressional forum as a new method of correcting that situation.

Competition for the floor was keen as young Junior Chamber of Commerce members offered microphones to eager questioners.

No question went unanswered. The moderator offered to spare the legislators at several points so it wouldn't be necessary for them to answer a question like, "Do you think congressmen should get a raise in pay?"

But the congressmen took over to say "yes"—emphatically.

Credit for the organization of the first Texas Congressional Forum went to the West Texas, East Texas and Fort Worth Chambers of Commerce.

The panel included representatives Ken Regan, Midland; O. C. Fisher, San Angelo; Wingate Lucas, Grapevine; Frank Ikard, Wichita Falls; Olin Teague, College Station; Omar Burleson, Anson; Walter Rogers, Pampa, and Bob Poage, Waco.

Peanut Growers Turn to Machines

College Station, (AP)—A Texas Agricultural Experiment Station progress report says adoption of machine methods has greatly reduced labor requirements of producing peanuts in the West Cross Timbers area of Texas.

It concludes that savings gained through mechanization of the peanut crop increased its comparative advantage with respect to cotton and other crops grown in the area.

About 15 per cent of all U. S. peanuts are grown in Texas and about a third of the state crop comes from the West Cross Timbers area; the counties of Brown, Comanche, Eastland, Erath, Hood, Montague, Parker, Somervell, and Wise.

Within the last 10 years tractors have practically displaced work stock as a source of farm power in this area. The progress report, by M. N. Williamson, Jr.; A. C. Magee, and Ralph H. Rogers, says most of the 1950 crop (probably 90 per cent) was harvested by combines.

Williams and Magee are associate professors of the Department of Agricultural Economics and Sociology at the Agricultural Experiment Station. Rogers is an agricultural economist of the U. S. Department of Agriculture's Bureau of Agricultural Economics.

They write that the change in the West Cross Timbers area from complete use of stationary threshers to general use of combines has taken place in about five years.

They find peanuts the section's most important cash crop. The 10-year, 1941-50 average yield in the nine counties was 492 pounds an acre. Spanish type peanuts are grown. They are brought by Salters, peanut butter manufacturers, and candy makers. Some are crushed for oil.

The report says the change from horse-drawn, one-row equipment and the general use of combines instead of stationary threshers for harvesting have affected an average saving of about 23 hours of man labor per acre, or about 69 per cent.

The total labor required per acre for the usual operations in producing peanuts in 1950 was only 10.5 hours. In addition an average of 3.8 hours of tractor and truck work was required.

SHIPMENT ARRIVES

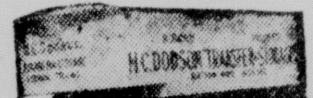

New York, (AP)—The first of an extensive shipment of ceramics, the work of Japanese artists, is on display at the Pottery of All Nations Shop here. The pieces are the work of ceramicists Hammada and Narui. Their work is said to combine an almost crude technique with sudden precise attention to detail. The character of the clay available in Japan may account for some of the pitted and pebbly texture that other ceramicists find difficult to achieve.

HORMONE SPRAY HELPS

Riverside, Calif. (AP)—The use of hormone sprays developed by University of California scientists may have increased the life of lemons after they have reached the storage house by as much as 50 per cent. The effect, according to Dr. Louis C. Erickson, assistant plant physiologist, is to keep the stem end, or button, of the lemon alive and green and prevent internal changes which accompany aging of the fruit. Thus the lemons are less susceptible to certain rotting fungi.

BOMB KILLS BOY

Ipoh, Malaya, (AP)—A 2-inch mortar bomb which four children were playing with exploded and killed one while injuring the other three. The boy killed was Chinese.

Moonshiners Learn New Trade Tricks

Marshall, (AP)—Those moonshiners out among the East Texas pines are half-burying their barrels in the ground these days. Keeps them warmer during the Wintertime.

Moonshine whiskey is produced more in Winter, when nights are long and consumers are cold, reported James Moyers of the Marshall News Messenger staff.

Moyers said getting Cliff Matthews, local Liquor Control Board agent, to talk about the business was tough because too much publicity ruins chances of pinning a moonshining charge on the brewers in the piney woods.

But he found out this much: The moonshiner in these parts has a capital investment of a few old drums, some copper tubing, a small heating unit, some used barrels and jugs and a nearby water source.

He pays about 75 cents for the raw materials that go into one gallon of sugar whiskey. He sells a gallon usually for \$8 to \$10.

Naturally he doesn't have to fool with Federal and State liquor.

Sugar whiskey is the successor to corn whiskey. Corn whiskey takes longer, and these are the days of speed. It takes about two weeks under favorable conditions to make whiskey out of the sprouts from corn grains. In the heat of Summer sugar whiskey can be turned out in four to five days.

The principal ingredient is plain table sugar. The mash, including water from a nearby swamp, creek or hog wallow, is left in barrels to ferment. Yeast—or even yeast—is added to hasten the process.

Then the barrels are half-buried in the ground.

Agents have seen hogs pulled from the barrels. Sick, stupefied snakes have come tumbling from the raw mash. Chickens, too.

Matthews said the last distillery he "visited" had a good bit of dirt floating in the barrels along with gnats, cockroaches, bugs and tree bark.

The cooler barrel was an old oil drum. Heating the barrel had made a film of oil on the sides dissolve right into the whiskey. The oil went with whiskey into the consumer's jugs.

In the past eight months Matthews, aided by local officers, has ferreted out 12 stills in Marion

County and six in Harrison County.

Moonshiners love the piney woods, back where the big thick-ets are the thickest.

INSURANCE PURCHASES COME DOWN

New York, (AP)—Life insurance purchases in November totaled \$2,446,000,000, 9 per cent less than the amount purchased a year ago, the Life Insurance Agency Management Association reports.

The purchases of ordinary life insurance in November were \$1,556,000,000. Industrial life insurance bought amounted to 453 million dollars about equal to the figure a year ago.

New group life insurance purchases amounted to 437 million dollars. This was 49 per cent less than the November, 1950, figure, and reflected the curb on fringe benefits under the wage freeze, the Association said.

LET THAT MAN WORK

There's no reason why mother should do everything when it comes to family entertaining. The man of the house should pitch in and help with the chores whether it is in routine cleaning, cooking, serving or after-party clean-up.

Budapest, (AP)—Hungary has established a church fund "to guarantee the financial basis of the task of churches," according to a decree published in the Official Gazette.

The decree referred to previous church-state agreements under which the state pays priests' salaries and social security. Fund income comes from state appropriations and income from former church-owned lands.

Last August priests were ordered by their bishops to cede all land still owned by the parishes to the Government.

LABOR SHORTAGE IN MALAYA

Kuala Lumpur, Malaya, (AP)—The Associated Chinese Chambers of Commerce are worried lest "draft dodgers" will cause a grave labor shortage in Malaya.

President H. S. Lee estimated

that 30,000 Chinese youths, including many skilled workers, had left Malaya during the early part of 1951 to avoid being called up under the manpower draft.

He reported some mines, plantations and other industries are so short of labor that they have imported Gurkha workers from Burma.

First Methodist WSCS Luncheon Meeting Is Held

The Women's Society for Christian Service of the First Methodist Church met at one o'clock Monday in the church parlor for a covered dish luncheon. Circle No. 1, with Mrs. R. S. McConihe as chairman, served as hostesses. The invocation was given by Mrs. T. M. Johnston.

Following the luncheon Mrs. O. L. Raines played incidental music. Mrs. John E. Eldridge, society president, called the meeting to order and opened it with a hymn. A prayer led by Mrs. Walter Hofmann was concluded with the Lord's Prayer said in unison. A brief business session was then conducted.

Mrs. Eldridge introduced the Bible study on the book of Acts. Mrs. A. J. Carpenter then introduced Mrs. L. D. Terrell, program chairman for the afternoon. Mrs. Terrell read the second chapter of Matthew and gave an inspiring explanation of the Epiphany, the story of the wise men reaching Bethlehem. The Epiphany scene was portrayed in miniature on a table. Mrs. Marshall Rhew led the group in prayer.

Talks on the Five-Year Advance program which the society is concluding were given as follows: First Gift—An Increased Membership, Mrs. W. W. Barnes; Second Gift—A Well-Informed Membership, Mrs. Carpenter; Third Gift—Volunteers for Christian Service, Mrs. Johnston; and Fourth Gift—Money, Mrs. C. W. Andrews. A meditation was presented by Mrs. D. P. Corditt during which she read a poem, "Thanks Be to God," by Janie Alford.

The group joined hands to form a living circle as a commitment was read. A hymn was sung to conclude the meeting. There were 39 members present.

VFW Auxiliary Meets on Monday

The Auxiliary to Ray Cox Post No. 4747, Veterans of Foreign Wars, met in regular session Monday evening in the VFW Hall.

Mrs. Reba Greening, president, called the meeting to order. Mrs. Olin Barrett, president of the VFW Auxiliary 15th District, announced that Mrs. Olene Stanford of Seymour, deputy chief of staff, will make an official inspection of the Auxiliary on Feb. 4.

A volunteer committee, composed of Mesdames Greening, Frankie Dones, Dorothy Cox and Mahota Skipworth, will serve refreshments and help entertain the patients at the State Hospital at Victory Field at 2 p. m. on Thursday. This is a monthly project of the Auxiliary.

The next regular meeting has been scheduled for Jan. 21.

Presbyterian Circle Meets in Jabin Home

Circle No. 1 of the Presbyterian Auxiliary met Monday with Mrs. F. W. Jabin.

The meeting opened with the Lord's Prayer in unison. Mrs. Jabin, circle leader, conducted the business meeting during which Mrs. E. C. Homberger gave a financial report.

Mrs. Homberger presented the devotional with scripture from Philippians. The Bible lesson on the eighth and ninth commandments was taught by Mrs. Anderson Smith. Members participated in this lesson which was based on two topics, "Do you make honesty count?" and "Do you guard the truth about others?"

During the social hour which followed, refreshments were served to Mesdames Homberger, Howard Reger, Smith, Charlie Boyd, M. R. Sewell, Annie Kelly, Theresa Soboy, Harry H. Walsh, Cody Austin, J. D. Allison and Jabin.

Every day—try the Want Ad way!

Rayland HD Club Committees Named

The Rayland Home Demonstration Club met for the first time this year on Friday in the home of Mrs. Homer Custer.

The new president, Mrs. Alvin Gloyna, was in charge of the meeting, and during the business session new committees were appointed as follows: Membership—Mrs. R. R. Tillery and Mrs. Harry Simmonds; Finance—Mrs. Benie Downs and Mrs. T. F. Lambert, Jr.; Recreation—Mrs. Roy Martin, Mrs. Custer and Mrs. G. T. Key; Family Life—Mrs. Tillery; and Home Foods—Mrs. Ed Lehman, Jr.

Miss Joy Riley spoke to the group on "Meat in the Family Meals." In her talk Miss Riley stressed the importance of meat in the diet, knowing the different cuts of meat and proper cooking.

Mrs. Ed Lehman, Sr., presented a brief skit, "Telephone Conversation Over a Party Line," during the recreation hour. Refreshments were served to six members and one guest.

Mrs. Ed Lehman, Sr., presented a brief skit, "Telephone Conversation Over a Party Line," during the recreation hour. Refreshments were served to six members and one guest.

Lockett Baptist WMU Has Business Meeting

The Lockett Baptist WMU held a business meeting at the church on Monday afternoon.

Mrs. J. E. Lockett, president, was in charge of the meeting which opened with a hymn and prayer by Mrs. E. Coggins. The devotional was given by Mrs. B. Henderson. Mrs. D. E. Arnold was in charge of the program on "What Bring We to Our Saviour." These taking part on the program were Mesdames J. H. Davis, Pettit, Thomas, A. H. Watts, V. Cagle and Coggins.

Mrs. Coggins dismissed ten members with the Lord's Prayer.

First Baptist WMS Has Final Study of Book

The First Baptist WMS met Monday afternoon at the church for mission study.

The meeting was opened with the hymn, "To the Work," and prayer by Mrs. Curtis Hogsett. Mrs. F. E. Hogue then concluded the study of the mission book, "Pilgrimage to Spanish America," by Dr. Everett Gill, Jr. This book traces the progress of Baptist work through Ecuador, Chile and Argentina. Mrs. Hogue pointed out that much missionary work has been done in Spanish America.

The meeting was closed with prayer by Mrs. C. C. Winter. There were 30 members present.

Every day—try the Want Ad way!

Local Briefs

Mrs. M. E. Barnhill has returned from Amarillo, where she visited in the home of her daughter, Mrs. Kermit Davis, and family.

Capt. and Mrs. W. C. Johnson and daughter, Vicki, of Eglin A. F. B., Fla., were recent guests in the home of her parents, Mr. and Mrs. M. E. Barnhill. They were en route to Ellington A. F. B. at Houston, where Capt. Johnson will be stationed.

Mrs. Geneva Baldwin of Hollywood, Calif., was a guest in the home of Mrs. Susie J. Coleman on Monday.

Week end guests in the home of Mr. and Mrs. C. G. Acton were Mr. and Mrs. R. O. Acton and children, Marilyn, Joe Bob and Rosemary, of Fort Worth; Mrs. Minnie Bagwell of Burkburnett; Mr. and Mrs. W. B. Dutton of Frederick, Okla., and Mr. and Mrs. Buck Nancy and son, Randy, of Childress.

Mrs. Ed Lehman, Sr., presented a brief skit, "Telephone Conversation Over a Party Line," during the recreation hour. Refreshments were served to six members and one guest.

Texas Street Methodist WSCS Meets on Monday

The Texas Street Methodist Women's Society for Christian Service met at the church Monday afternoon.

The president, Mrs. D. Pettit, was in charge of the meeting which opened with a hymn and prayer by Mrs. E. Coggins. The devotional was given by Mrs. B. Henderson. Mrs. D. E. Arnold was in charge of the program on "What Bring We to Our Saviour." These taking part on the program were Mesdames J. H. Davis, Pettit, Thomas, A. H. Watts, V. Cagle and Coggins.

Mrs. Coggins dismissed ten members with the Lord's Prayer.

Second Baptist WMS Studies Mission Book

The W. M. S. of the Second Baptist Church met Monday afternoon at the church.

The opening song was led by Mrs. W. L. Power with Mrs. Leonard Emmons at the piano. Mrs. T. J. Davidson gave the devotional with scripture from John. It was followed by a hymn. Mrs. W. H. Hallcom taught the first three chapters of the mission book, "Holy Spirit in Mission."

Mrs. E. L. Blackburn dismissed 27 members with prayer.

Saturday, Jan. 12
The Lion's Den will be open for all members from 2 to 5 p. m. and for junior high members only from 7 to 10 p. m.

Lena Lair Circle Has Meeting at Mission

The Lena Lair Circle of the First Baptist Church met at the Eastside Mission for mission study on Monday.

The meeting was opened with a hymn. For a devotional each member gave a New Year's resolution and quoted a scripture verse. Prayer was led by Mrs. Laura Duckworth.

During the business session Mrs. Orville Welch, circle chairman, was in charge. The group voted to have "secret pals" and exchange gifts each month.

Mrs. H. G. Cox taught the concluding lesson on the book, "Pilgrimage to Spanish America." The meeting was closed with a hymn and prayer by Mrs. Cox.

Refreshments were served to the eight members present.

Jack Porter Plans Active Campaign in Texas for Ike

Houston, Jan. 8. (AP)—The leader of one faction of Texas Republicans promised a highly vocal campaign in an effort to name Gen. Dwight Eisenhower as the GOP nominee for President.

Jack Porter, sparkplug of the Eisenhower boom, said he considers Eisenhower a definite candidate and the campaign to get him the nomination was going to be an old fashioned—"door knocking," and "bell ringing" one.

"We're going after that (Texas) delegation," Porter said yesterday.

He said "Ike-for-President clubs" would be established in every county in Texas and a site for a State headquarters would be determined soon. He will be state chairman.

Porter was elated at the announcement yesterday by Sen. Lodge (R-Mass.) that Lodge has been assured by Eisenhower the general is a Republican and that Lodge was going to enter Ike's name in the New Hampshire presidential primary.

"I consider the statement as meaning that General Eisenhower is a definite candidate," Porter said.

He indicated Eisenhower probably would campaign in Texas and other Southern states in an effort to win the nomination.

The Houston oilman also said he expected a fight at the State Republican Convention in May.

"If Mike Nolte and Henry Zweifel are unwilling to bow to the wishes of the majority of the Republican party in the State,"

Zweifel, Fort Worth, is national GOP committeeman from Texas. Nolte, San Antonio, is another high party official. Both support Sen. Taft (R-O.) for the nomination.

Told of the Porter announcement, Zweifel said last night: "I don't want to make any comment. He has a right to make that statement if he wants to. I still think he is using Eisenhower as a stalking horse to try to induce Republicans of Texas to go along with him."

Porter noted Zweifel had said that "at least half of the Texas delegation will be for Senator Taft."

"The national committeeman does not have the power he once had to control the delegation," Porter said. "Under the new Texas election laws, the control of the party is in the rank and file of the party in the counties. Neither Mr. Zweifel nor I can control any presidential delegates. The rank and file Republicans do that."

"It is my belief that the sentiment for General Eisenhower is overwhelming except among party die-hards who are trying to protect their entrenched positions and they are going to be swept aside by the people who are not going to be told what to do in this election."

He said Zweifel's "leadership of

W. B. Bingham in

Precinct Race

W. B. Bingham has authorized The Vernon Record to announce his candidacy for the office of Justice of the Peace, Precinct 1, Place 2. His statement follows:

"To the voters of Precinct One, Wilbarger County, Texas: In announcing my candidacy for the office of Justice of the Peace, Precinct One, Place Two, first I wish to thank my many friends who were so loyal to me when I made the race for this office two years ago. And to those who supported my opponent at that time, I have only the kindest regards. I was and am yet very proud of the race I made, having as an opponent a man already in the office, a man who has resided in Wilbarger County 45 years and most of that time in Precinct One, and who has served the public in one capacity or another nearly all of that 45 years, and whose public and private life is clean. Mr. Robinson received 1663 votes, and I received 1513.

"Mr. Robinson says he definitely will not be a candidate, so if the voters of this precinct will honor me with this office this time, I promise my very best effort to make a Justice of the Peace that the people will appreciate. My aim will be to render Honest, Efficient and Fair and Impartial service.

"I base my qualifications on the actual experience of having served as Constable, also Justice of the Peace, and working with different courts for eight years prior to coming to this county.

"In conclusion may I say that I will see as many of the voters as is possible for me to under the circumstances, as most you know I have to work for my daily bread, consequently my time will be limited, therefore please, every one take this as a special appeal to you for your vote and influence, as well.

"Now wishing every one a very Happy and Prosperous New Year, and thanking you in advance for your support, I am sincerely yours, "W. B. Bingham."

the GOP in Texas has reached a new low."

"I believe this to be true," he said, "because in two recent meetings held in Amarillo and Corpus Christi the attendance was 63 and 19 persons, respectively. I don't see how he could know what's going on in the party with such unrepresentative turnouts."

Porter said Taft's scheduled visit here March 11 would have no effect on sentiment for Eisenhower.

He also predicted Texas would be shoved a long way toward being a two-party state if Eisenhower were nominated, saying:

"I think that with Eisenhower as the nominee he will carry the State by a substantial majority and eliminate the feeling of defeatism in local Republicans, with the result the Republican party will start local elections in this State and we will be on the road to the status of a two party state."

Drive the Dual-Range Pontiac

DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

Take the wheel yourself.
for the Driving Thrill of your life!

We want you to be among the first drivers in America to personally experience a basic advancement in motor car engineering—Pontiac's new Dual-Range performance.

Dual-Range performance means that Pontiac has combined, for the first time, a powerful high-compression engine, with GM's new Dual-Range Hydra-Matic Drive* and a new high-performance, economy axle to give you selective performance for any driving condition.

In the Traffic Range you have tremendous acceleration and snap and go! At the touch of a finger you can be in the Cruising Range, riding so smoothly, economically and effortlessly you almost feel you're coasting. Come in and drive it—for sensational new proof that dollar for dollar you can't beat a Pontiac!

THE POWER YOU WANT • WHEN YOU WANT IT • WHERE YOU WANT IT

- 1 More Powerful High-Compression Engine
- 2 Wonderful Dual-Range Hydra-Matic Drive*
- 3 New High-Performance Economy Axle

WOLVES DESTROY MANY LIVESTOCK

Belgrade, (AP)—The wolf situation in Yugoslavia has become serious. Last year more than 37,000 head of livestock were killed by wolves and reports this year are again alarming. The wolves have become so bold they roam the plains around Belgrade.

The increase in the number of wolves is attributed to the war. During the war there was no time for hunting wolves. At the end of the war, the people had to hand in their guns and only a few members of hunting associations were equipped to fight the menace.

In Macedonia last year the State Insurance Company paid out \$240,000 in claims for losses caused by wolves. In Slovenia, where formerly wolves were rare, there are now about 150. The Slovenian Hunting Federation pays \$120 for each full grown wolf killed and half that amount for young wolves.

Dr. Logan's Wife

By Diana Gaines

Copyright 1951 by Diana Gaines. Used by arrangement with the publishers, Random House, Inc. Distributed by NEA Service, Inc.

THE STORY: Janet Logan had never enjoyed "doctor's parties" until she attended one at the home of Dr. and Mrs. Pelletier. There, in company with her husband, Dr. Logan, Janet meets Peter Surinov, a young and charming biophysicist engaged in research in atomic medicine at Angel's hospital. Peter awakens in Janet the realization of how useless her life has been as the carefree wife of the well-to-do Dr. Logan. Later she tells her husband she will take a volunteer job at Angel's hospital. The next morning, Dr. Logan has a cold. He is always in ill health and he points out to Janet that if he should die, the security she has now may not be of long duration. She is about to go to see about the volunteer job and she offers to run some errands for her husband.

JANET pushed open the thick glass door and as it receded with noiseless restraint behind her, she was assailed by the unmistakable smell of the hospital—a grisly potpourri of ether and beef broth and antiseptics.

The odor hag-rode the halls, shaking a warning finger under the noses of the well ones who walked. Janet's high heels beat out a congratulatory rhythm on the stone: two shorts and two longs, two shorts and two longs, "you won't get me, you won't get me!"

When she entered Dr. Pelletier's department, the eyes of waiting patients who had tired of estimating each other fastened nakedly on her. She edged at the desk while her name was relayed to the nurse's station, and she felt the stares widen with hostility as she obeyed the summons. "Go right in, Mrs. Logan." She apologized silently to the legs that were pulled in for her passage: "I'm not a patient. I won't be a minute."

"How are you, Jenny? Come in, come in, dear." Walter Pelletier's greeting boomed from lips that barely moved under the base line

of a large triangular mustache. His black, thick eyebrows arched independently of each other and the big round eyes, always half-covered by big round drooping lids, contained the promise that here at least all wisdom would be interpreted humorously. Of all the staff, Dr. Pelletier was probably the most loved—by patients, nurses, and the doctors themselves. He was a lion of a man, kindly, virile, full of the homilies and bromides of the country doctor. "One out of one die of something," he was fond of saying.

He reached for Janet's hand and held it between his large hairy ones. "You two young people met last night," he said, nodding to Peter Surinov, who sat in the corner on the other side of the desk.

SURINOV pulled his body a few inches out of the chair to a crouching position. His face was dark as wet hide against the white coat. "Yes, hello," he said with a lack-luster which so disappointed Janet that for a moment she felt stunned. Had she expected a reflection of the accelerated beat of her own heart? To punish them both, she for having overreacted to the shine of his night-face when it had been turned full on her, and he for not having remembered the shine of hers, she frosted her.

"How do you do, Dr. Surinov?" and prepared to ignore him. Nevertheless, she accepted Dr. Pelletier's proffered cigarette and inhaled the first drag as if she was sucking a balloon.

"Peter's just been telling me of an interesting experiment he wants to try with me. If his hunch is right, we may be able to protect people from the effects of the atom bomb. What's on your mind, my dear?"

"Gus has a cold, Walter," she said with resuscitated charm, "and since he promised to return your paper today, I'm doing messenger service. He'll phone you tonight about it—or he's home all day if you want to reach him. From what he told me—I'd never understand it in the original—your radiodine cocktail for heart trouble sounds terrific."

"We're hoping it will be," Dr. Pelletier said. "The idea isn't new but the treatment is. Some years ago, the removal of the thyroid gland was suggested for cardiac cases—to take the strain off the heart. Well, that was a pretty radical measure. Now we give these patients a little drink in a paper cup. Tastes like water, looks like water, has no smell. Painless. But it's potent stuff. Goes right to the thyroid, destroys the tissue there and in that way rests the heart, helps it build up reserve power." He turned to Surinov. "There's a lot we can do with the atom, if the atom doesn't do for us first, eh, Peter?"

"Oh, let's not think about that," Janet said. "I refuse to face the possibility of another war. Well, I won't keep you, Walter. I saw your roomful of patients. We had a lovely time at your party last night."

PETER SURINOV stood up, crowding the small room. "I'll get back too, Dr. Pelletier. I'll let you know when the shipment comes in. Don't know why it's late."

Dr. Pelletier nodded to his two visitors as they left.

Janet held her head high as Surinov followed her out. "Are you in a hurry, Mrs. Logan? If you care to, I'll be glad to show you the lab. Things are a little slow today because the isotopes haven't arrived."

"Well, I . . . " Janet struggled with the desire and the reluctance to escape the uneasy excitement she felt in his presence, and then, having hesitated, to refuse seemed rude. "I really haven't too much time—but well, yes, I guess I'd like to—very much. It's nice of you."

NCAA Officials Shun Plan to De-emphasize Sports

Grid Coaches Are Stunned By Request

Cincinnati, Jan. 8. (AP)—The nation's colleges apparently aren't ready to bite off the strong de-emphasis diet recommended by a special committee of college presidents.

National Collegiate Athletic Association officials, gathered for their annual convention, plainly were stunned at the extent of the presidents' program which calls for abolishment of bowl games, athletic scholarships and out-of-season practices.

Coaches were sharply critical and skeptical.

All seemed agreed on one point: There's no hope of the presidents pushing through their program at this year's NCAA convention and many doubted it ever could be put into effect.

"We plan to talk to representatives of the presidents' group Thursday," said Dr. Hugh C. Willett, president of the NCAA. "We'll see what they have to say then."

The NCAA, which has been the governing body of college athletics, has its own program coming up for approval Saturday, but it's mild compared with the code suggested by the presidents in Washington yesterday.

On bowl games, the NCAA is asking only that the matter be studied during the next year by a special investigating group.

On athletic scholarships, the athletic body is urging only that they be administered and supervised by the separate institutions. As for spring football practice, the most popular resolution is that it be curtailed, but not eliminated.

The presidents, closing a meeting in Washington yesterday, recommended: 1. Elimination of all bowl games after present commitments; 2. End of all athletic scholarships; 3. End of all grants-in-aid.

The NCAA sought to impose a much lighter pattern of conduct—in the form of the famous "sanity code"—on its members only to find the move almost destroyed the organization.

Most officials don't see how the same members will accept such restrictions as proposed by the university executives.

"If they try to eliminate athletic scholarships we'll see a fight that will make the sanity code fight look like a tea party," commented Texas Christian's coach Dutch Meyer.

Southern Methodist's athletic director Matty Bell said, "I don't believe my president is in favor of these suggestions."

The SMU president, Dr. Humphrey Lee, is a member of the presidents' special sports committee but he didn't attend yesterday's meeting because of illness.

Most coaches and athletic directors declined publishable comment because, they said, they felt their presidents might not approve.

Los Angeles Golf Meet in 3-Way Tie

Los Angeles, Jan. 8. (AP)—The Los Angeles open golf tournament went into a three-way play-off today with Dutch Harrison pitting his long experience against a couple of graduates of the youth and enthusiasm school.

At stake were the three top prizes in the \$17,500 tourney, \$4,000 a first, \$2,500 to second, \$1,600 to third.

Jack Burke Jr. and Tommy Bolt, who together probably haven't played as many tournament rounds as Harrison, won their diplomas by finishing with 289, five over par, to join the Dutchman in the top bracket at the finish of the regulation 72 holes yesterday.

Burke, Houston, at 28 is more of a veteran than Bolt at 32. Young Jack, a Navy veteran, started playing in the big time before the war and shows promise of matching the achievements of his famous father. Bolt, an Oklahoman who plays out of Durham, N. C., served with the Army Engineers, wound up the war as a golf instructor for GIs in Rome, but didn't cut much of a figure in tournament play until last year, when he won the North and South open.

Harrison, 41 but aging for the grind of tourney after tourney, is a perennial threat over hilly, woody Riviera, the 7,020-yard, par 71 course.

The final round started with Ted Kroll, another 32-year-old, in the lead. Harrison was one stroke behind, Burke and Bolt three.

The rest of the prize money was split among 34 players, including a five-way tie for 30th place. Kroll's 290 netted him \$1,200; Skee Riegel, of Tulsa, Okla.; John Barnum of Grand Rapids, Mich.; and Jim Ferrier of San Francisco drew down \$833.33 each at 292. Al Brosch of Garden City, Long Island, picked up \$600 with his 293; Max Evans of Detroit \$500 for his 295.

Five previous winners of this tourney were among those sharing in the money. Johnny Bulla (1951) a 296; Jimmy Demaret (1939) at 297; Jimmy Hines (1936) and Vic Ghezzi (1935) at 298; and Lloyd Mangrum (1948) at 300.

INSANITY PLEA
Crockett, Jan. 8. (AP)—An insanity plea was entered here yesterday in the trial of Jake Dominey, charged with murder in the fatal shooting of Alta Faye Rogers, 19, last September. Dominey, 22, is accused of shooting the Kennard High School girl as she sat with friends in a Kennard cafe.

Judge V. M. Johnston said it was the duty of the jury to first decide if Dominey is sane and, if so, then decide whether he is guilty.

In raw powder form or combined in sulphuric acid, sulphur is indispensable in making chemicals, fertilizers, insecticides, explosives, paints, metals, foods and textiles.

Unbeaten Cage Team List Dwindles to Nine Quintets

New York, Jan. 8. (AP)—The list of the nation's major unbeaten college basketball teams dwindled to nine today because a substitute guard sank a field goal in the last second of play.

That goal by Dick Dage gave Ohio State's Buckeyes a 73-72 victory over the previously all-conquering Hoosiers from Indiana and the nation's fourth ranked team last night. Indiana had won eight straight.

Two other undefeated Big Ten fives, however, kept their perfect records intact as second ranked Illinois edged Wisconsin, 53-49, and Iowa's Hawkeyes, who moved to tenth place this week in the Associated Press poll, dumped Michigan, 54-46. It was No. 9 for both the Illinois and the Hawkeyes.

The results of the four Big Ten games, which also included Michigan State's 82-49 decision over Northwestern, left Illinois and Iowa tied for first place. Each has won two conference games.

Seton Hall, the only other undefeated team to see action last

That goal by Dick Dage gave Ohio State's Buckeyes a 73-72 victory over the previously all-conquering Hoosiers from Indiana and the nation's fourth ranked team last night. Indiana had won eight straight.

Two other undefeated Big Ten fives, however, kept their perfect records intact as second ranked Illinois edged Wisconsin, 53-49, and Iowa's Hawkeyes, who moved to tenth place this week in the Associated Press poll, dumped Michigan, 54-46. It was No. 9 for both the Illinois and the Hawkeyes.

The results of the four Big Ten games, which also included Michigan State's 82-49 decision over Northwestern, left Illinois and Iowa tied for first place. Each has won two conference games.

Seton Hall, the only other undefeated team to see action last

night, made it 11 straight by trouncing St. Peter's of Jersey City, N. J., 84-61. Seton Hall is No. 9 nationally.

Kentucky, twice beaten but still ranked third back of Kansas and Illinois, went on another of its scoring sprees to defeat Xavier of Cincinnati, 83-50.

In the Southeastern Conference, Vanderbilt defeated Louisiana State, 58-47, as LSU's Bob Pettit, the nation's second leading individual scorer, was held to 10 points—his lowest of the season.

Mississippi set a school record by walloping Georgia, 103-52, quite a contrast to a week ago when Ole Miss had 116 points scored against them by Kentucky.

Herb Neff tossed in 28 points as Tulane registered six points in an overtime period to defeat Tennessee, 71-65, in another Southeastern Conference fray.

Joe Agee and Bill Chambers had a big night with 30 and 28 points, respectively, in leading William and Mary to a 97-75 Southern Conference triumph over Wake Forest. Washington and Lee won its first Southern Conference game in five starts, downing Richmond, 81-65. Maryland beat Virginia, 63-53, in a non-conference affair.

Murray State, (Ky) winner of 11 straight before losing to Dayton last Saturday, dropped its second straight and first place in the Ohio Valley Conference race when it fell before Eastern Kentucky, 84-65.

Drake sputtered in the fourth period for a 68-61 victory over Detroit.

Tulsa cut loose for a 74-46 victory over Wichita in a Missouri Valley Conference game.

The University of Oregon opened its Pacific Coast Conference season by defeating Washington State, 50-45.

400 Persons Injured in Riots in Jerusalem

Jerusalem, Jan. 8. (AP)—Police said nearly 400 persons were injured yesterday in anti-Government riots sparked by bitter anger over a proposal for Israel's Jewish Government to negotiate directly with Germany.

Almost 400 rioters were arrested, most of them as they tried to leave Jerusalem last night, police said.

Police set up barbed wire barricades, fired in the air and used tear gas and clubs in a two-hour battle yesterday to keep 2,000 Israeli youths from storming the Knesset (Parliament) building during the Knesset session.

The police announced 140 of the defending officers and 250 civilians were injured. Many were hospitalized.

PROMISED RELIEF

Denver, Jan. 8. (AP)—Storm-battered Colorado was promised some relief today as the latest wintry blast to hit the state moved on east after dumping up to 14 inches of new snow on some mountain areas. The new fall again closed three mountain passes—Wolf Creek, Red Mountain and Berthoud. They had been opened for only a brief time following a year end blizzard which claimed the lives of seven persons and disrupted travel and communications. The threat of snowdrifts hung over all mountain roads.

There are six Federal penitentiaries in the United States.

NOTICE OF STOCKHOLDERS MEETING

The annual meeting of the members of First Federal Savings and Loan Association, of Vernon will be held in the office of the association, in the Herring Bank Building, at 2:00 o'clock in the afternoon on Wednesday, January 16, 1952, for the election of two directors and for the transaction of any other business of the Association.

Unbeaten Cage Team List Dwindles to Nine Quintets

New York, Jan. 8. (AP)—The list of the nation's major unbeaten college basketball teams dwindled to nine today because a substitute guard sank a field goal in the last second of play.

That goal by Dick Dage gave Ohio State's Buckeyes a 73-72 victory over the previously all-conquering Hoosiers from Indiana and the nation's fourth ranked team last night. Indiana had won eight straight.

Two other undefeated Big Ten fives, however, kept their perfect records intact as second ranked Illinois edged Wisconsin, 53-49, and Iowa's Hawkeyes, who moved to tenth place this week in the Associated Press poll, dumped Michigan, 54-46. It was No. 9 for both the Illinois and the Hawkeyes.
